leader at a Populist meeting, "Sing
Yankee Doodle."

Rev. I. B. Pailham went to Belle-
plaine, Kan., Wednesday to deliver
the class address to the graduates of
the high school of that place.

A gentleman came to Iola from
Wichita last week and expected to
locate here, but was unable to rent a
house, so he moved to Chanute.

Campbell & Christian have just re-
ceived a fine soda fountain from Tuffs,
the famous manufacturer, and will
have it in operation in a few days.

It is pleasant to learn that Carlyle
is to be made a regular station with
telegraph office. Rev. Beeson is
chiefly responsible for the change.

The editor of the REGISTER served
as judge in a contest between the lit-
erary societies of the Fort Scott High
School Monday evening, and escaped
with his life.

Marriage licenses have been issued
this week as follows: Frank H. Jack-
son and Phoebe Mitchell, V. W. Heath
and Flora Burton, Walter J. Myers
and Bernice Ayers.

Mrs. C. H. Boulson was in Kansas
City Monday, called there by the
serious illness of her brother, Dr.
White. He soon rallied however and
she returned home Tuesday.

James Taylor has charge of the
work of laying the gas mains from
the Factory Well to the brick plant
and will begin this morning. If you
want a job here is a chance.

Fred Cammack and F. P. Gangwer,
of Mulberry, Ind., were the guests
of their uncle, J. W. Parke, in Iola
last week. The young men are look-
ing for a location and they will
probably anchor here.

Mr. Harmon came in Monday to say
that the Iola Brick Plant would be
making brick next week, unless some
unforeseen accident prevented. A.
W. Beck ought to have the first brick
set in gold and wear it for a watch
charm.

Hutchinson News: The pay roll of
the State penitentiary contains the
names of Harry Landis, warden,
\$2,500 per year; Phelix Landis, his
father, storekeeper, \$900 per year;
George Landis, \$720, and a cousin of
the Landis \$600.

The machinery for the Creamery is
here at last and Messrs Funk & Dud-
ley desire to announce that they will
be ready to talk business to the farm-
ers to-morrow. They announce also
that they are in the market for butter
and eggs.

Some of these days when things get
dull and the REGISTER wants to
create a sensation, it is going to secrete
a reporter somewhere about the fair
grounds on Sunday afternoon and get
the names of the players in the Grand
Consolidated Crap Game and print
them in alphabetical order.

That Air Ship business is getting
past the joke stage with Frank
Travis. Here is a letter he got yester-
day from a man at Humboldt:

"Dear Frank: I am sorry, but feel it
a duty I owe to the public to ask for
the return of my letter of recommenda-
tion. I sincerely hope you will
recover."

The Iola Laundry is prospering
fluently, the work it is doing giving such
general satisfaction that it gets prac-
tically all the town trade. Mr. Dyer
is putting in a polishing machine this
week, and will add other machinery
as the business warrants, and hopes
before long to have as complete a
laundry as there is in this part of the
State.

Lewis Williams, the Veteran Kan-
sas nurseryman, will have for sale
this fall a limited number of that
wonderful new peach The Triumph.
This is the only very early yellow
free stone peach in the world. It is
a prolific bearer. Trees two years
old bore one half bushel. A. N.
Mitchell, of Iola, is agent for the sale
of them in Allen county.

The Annual Baccalaureate sermon
to the graduates of the High School
will be preached at the Opera House
next Sunday morning at eleven o'clock
by Rev. L. S. Faust, of the Reformed

church, and the other churches, ac-
cording to their pleasant custom, will
unite in the service. Music will be
furnished by the High School chorus
and the occasion will be one of much
interest. All are cordially invited.

Arrangements have about been con-
cluded for the erection of four new
business rooms on the northwest
corner of the square, fronting on
Washington avenue and extending
from Jackson avenue to the alley.

The corner room will be owned by L.
Sleeper, the next by C. B. Spencer,
the next by Sleeper & Breckinridge
and the next by Miss Belmont. Work
will probably begin as soon as the
brick plant gets started.

Owing to the fact that the Opera
House is in use to-night and to-mor-
row night the board for the Com-
mencement exercises will not be
opened until nine o'clock Monday
morning. Members of the class will
be allowed to reserve two seats each
for their parents, but with this excep-
tion no seats, not even for the teach-
ers will be taken before the hour
named. It goes without saying that
if you want a seat you will have to be
on hand.

If you are in doubt about the wisdom
of putting out a patch of sorghum, ask
one of your neighbors who brought his
cane to Claiborne's mill last year what
he thinks of the investment. We
have not seen one who was not well
pleased. They say that they were
waited on promptly, that they got full
measure, and that they got real syrup
rather than "sorghum molasses."

And every one we have seen is going
to plant a bigger patch this year than
he did last.

Following its usual custom the REG-
ISTER will next week print in full the
debate and all the orations of the High
School graduating class, together
with a group picture of the members
of the class. It will be a good paper
to send to your friends in the East to
show them how we do things here,
and there ought to be a large number
of extra copies sent out. If you want
any, please leave your order at the
REGISTER office before next Wednes-
day morning.

There are not many papers in Kan-
sas that have to print two extra pages
this time of year to make room for
their advertisers and at the same time
do justice to their readers. The fact
that the REGISTER finds it necessary
to do that this week is the strongest
proof that could be offered that Iola
is wide awake and moving right up
to the head of the procession. Inciden-
tally also it is pretty strong proof that
the REGISTER is not very far away
from the band wagon.

The Gas Company thought last
Wednesday morning that spring had
come, and so began the work of con-
necting the two gas systems. In or-
der to make the change it was neces-
sary to disconnect one of the wells
from the mains for a short time. The
weather clerk saw his chance and
sent the cold wave just after the work
had been done. And that is the reason
there was a shortage of gas on
some of the lines Wednesday night
and Thursday morning.

\$25 to \$50 per week can be made by

Girdler," by Rev. T. DeWitt Tal-
mage. Rare, radiant and charming,

The organization of the lodge of
Rathbone Sisters, the ladies auxiliary
to the Knights of Pythias, which has
been talked of for some time, was
effected on Monday night by the
election of the following officers: Mrs.
F. W. Fitzgerald, P. C.; W. B. Cul-
bertson, M. E. C.; Mrs. J. T. Cozad,
M. of R. and C.; Mrs. Chris Ritter,
E. J.; Mrs. Bert Potter, E. S.; Mrs.
W. J. Evans, Manager; Mrs. Sam
Baker, Protector; Mrs. W. B. Reed,
M. of F.; Mrs. Henry Steyer, O. G.
About thirty ladies have signified
their wish to become members, and
the lodge will be formally instituted
by the Grand officers May 6.

The list of aspirants for county office
is extended this week by the entrance
into the race for Register of Deeds of
U. R. Courtney, of Humboldt, and T.
T. Anderson, of Iola. Mr. Anderson
has been a resident of Allen county
for forty years, except during the four
years when he was riding over the
Southern Confederacy with a carbine
across his saddle, and is as clean and
square a man as there is. Mr. Court-
ney is a young man, well known all
over the county as a successful teacher
and a thorough going Republican. It
is plain that the only embarrassment
of the Republican party in choosing its
candidates this year is going to be the
embarrassment of riches.

Wichita Eagle: Hogs and cattle
command good prices, wheat is going
up and is already at a paying price,
corn is advancing, everything the
farmer has to sell commands a pretty
good figure, while everything he has
to buy is cheap. Why shouldn't the
farmer be happy. There is but one
thing to bother him, aside from crop
failures: He is in debt and interest is
too high. But who is to blame for
this? Chiefly those who have en-
couraged the fool politics which have
afflicted this great State for six years.
Money is begging for borrowers in the
east at one-half the rate of interest
we Kansans have to pay. Why?
Because of fool politics. That's why.

Mr. C. M. Richards has bought L.
R. Ray's grocery store and will take
possession to-morrow. He will name
it "The Model Grocery" and it is his
intention to come as near making it
that as money, industry and strict
attention to business will do. The
stock will be largely increased and
every effort exerted to make the Model
worthy of the patronage of the
public. Mr. Richards is an old resi-
dent of Iola and has a host of friends
who are glad that he is to engage in
business here. Mr. Ray has built up
a good trade, and while his customers
regret to part with him they will be
glad to know that he is to remain in
Iola and will probably engage in some
other business here soon.

The friends of Frank Travis and W.
B. Culbertson are much concerned
about their mental or moral condi-
tion. On Tuesday afternoon these
gentlemen came in from a fishing ex-
cursion,—they swear their bait was
in a bucket and not in a bottle,—de-
claring that while about four miles
east of Iola they were suddenly start-
led by a whirling noise above them,
and looking up they beheld—The Air
Ship! They say that it was not more
than three or four hundred yards
away from them and they saw it as
plainly as they could see a house at
that distance. It was "cigar shaped"
of course, with an immense turbine
wheel at the stern, a balloon above,
and a sort of platform underneath.
They did not see anybody on board.
The ship was going northeast at a
rapid rate. The boys declare on their
honor that they saw it. And now
what troubles their friends is the
queery whether they have lost
their minds,—or their morals!
